

The logo features the word "nitrogen" in a large, italicized, grey sans-serif font. Below it, the words "URBAN NETWORK" are written in a smaller, grey, all-caps sans-serif font. To the left of the text is a decorative graphic of a grid of green dots that tapers to the left. To the right, a map of Europe is formed by a grid of green dots, with several larger, colored circles (yellow, orange, red, cyan) placed over specific geographical locations, connected by a network of dashed grey lines.

## ENDORCEMENTS

It has been my honor to have known and worked alongside Troy Evans and his ministry for the past 15 years. I have found him to teach, preach, and lead with vision, integrity, and dependence on the Holy Spirit. I am seeing his ministry multiply in leading leaders to courageously reach out to new heights and depths of ministry beyond what they saw possible. Troy is able to see in people what they cannot see in themselves - a gift from God. I highly recommend Troy as a teacher, preacher, coach and friend.

**Dr. Jo Anne Lyon**  
General Superintendent Emerita  
The Wesleyan Church

Troy Evans is a veteran urban ministry leader, church planter, and pastor. He is also an important thought leader, author, and practical theologian. His insights, experiences, and wisdom are important for the church today. I have been blessed by his heart for the church, urban transformation, and the empowerment of the most vulnerable among us.

**Dr. Efrem Smith**  
Co-lead Pastor of Midtown Church of Sacramento

Troy Evans is one of the greatest entrepreneurial leaders I know. He is committed to the urban community and has blazed new trails using creativity while building multi-generational and multi-ethnic teams and movements. What sets Troy apart is that he not only leads by example but is also a thought leader who inspires and trains other influencers in his field.

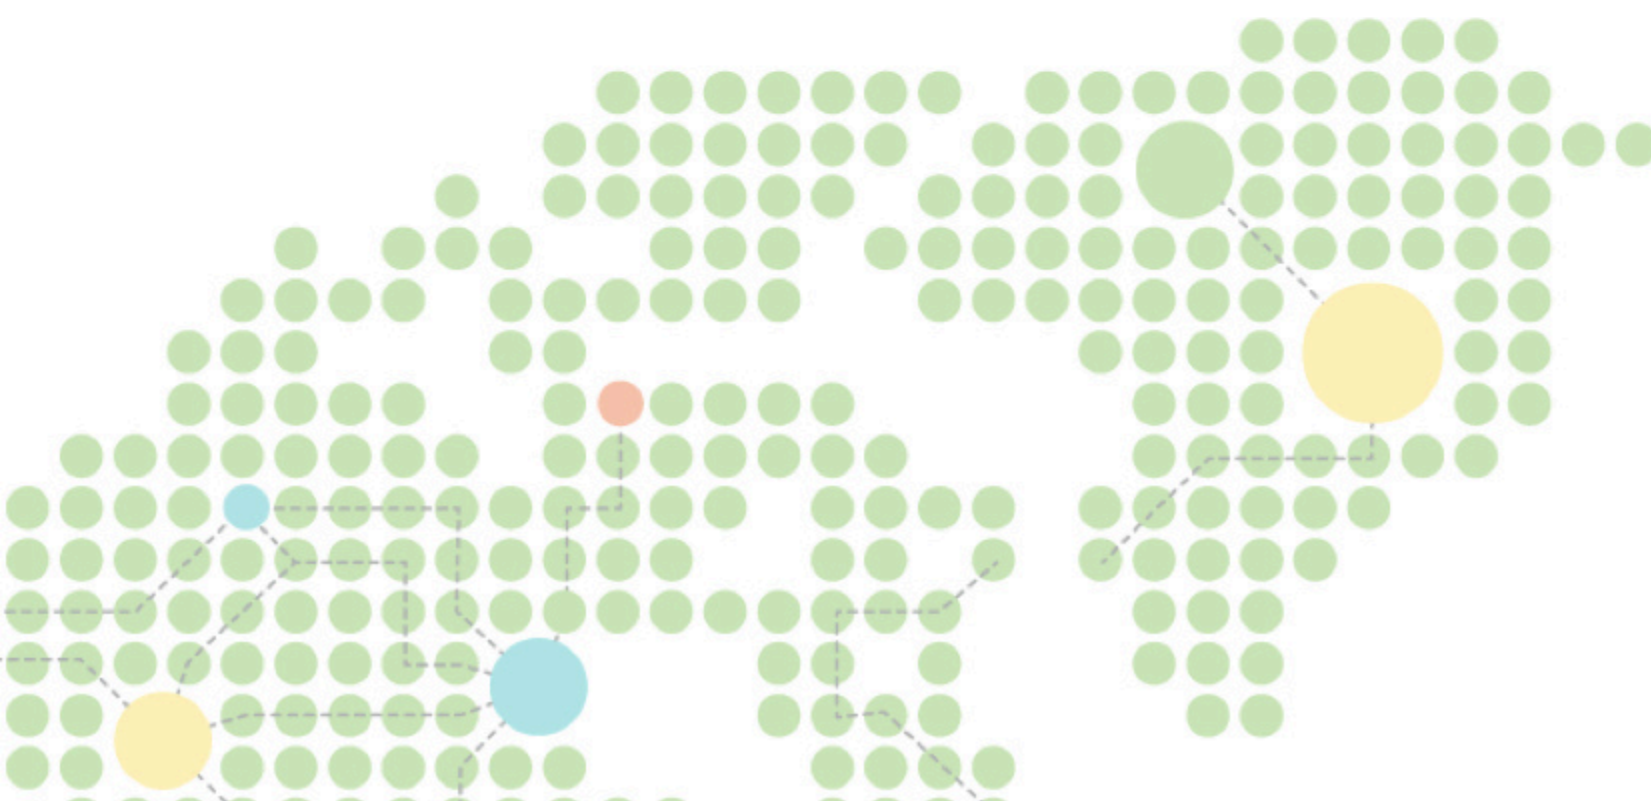

**Geoff Eckart**  
Chairman, National Day of Prayer  
Lead Pastor Daybreak Church

Troy Evans has earned the gray hair of experience. He is among the most effective networkers of those trying to better the lot of urban dwellers—especially church planters. He is a creative disciplemaker, seasoned church multiplier, and unrelenting servant of the kingdom of God.
